SMART WEIGHING SOLUTIONS

The X320 Indicator has been specially designed to endure harsh environmental conditions. This customisable Indicator is housed in a food-grade high-tech composite alloy housing that is rated IP69K – the highest environmental protection rating in the industry – and is therefore ideal for use in agricultural and food manufacturing applications.

Key features:

- Capacitive keys, ensuring no moving parts
- Double O ring seal
- Built-in check weigh function
- Trade approved in Australia, Europe, and USA
