

GETTING STARTED GUIDE

INSTALLATION

Install the software

- 1 Close all applications currently running on your system.
- 2 Insert the CD or DVD in your drive, and follow the on-screen instructions.
If the installer does not launch automatically, double-click Start.exe (at the first level on your disk) to start the installation process.

Activate the software

- 1 To activate the software insert "USB activation key" into USB port in your computer.
- 2 To get the "USB activation key" contact the software distributor.

Default password

- 1 After installing the software the default administrator's password is: **Admin**
